

Anna Kochan (PL)

Since childhood, animals and especially dogs have been my love. In 1995 together with my husband we have founded Collie Rough Kennel under the name "Dol Amroth". A Collie Rough bitch from our Kennel became the first one bred in Poland which achieved the title of an International FCI Champion.

I became a dog show judge in 2004 as an FCI Group 1 Judge. At the moment I am authorised to judge groups 1, 2, 10 and the part of group 9. And I'm BIS Judge. I had a great honour to participate as a judge at European Dog Show, International, National, Club and Special Shows in

many countries (Poland and among others Austria, Germany, Norway, Hungary, Finland, Estonia, Lithuania, Latvia, Portugal, Spain, Denmark, Belarus, Czech Republic and Slovakia). In addition to dogs my passion is travelling, experiencing new cultures, food, nature and people.

Olga Goncharuk (UA)

Breeder and owner of the Central Asian Shepherds since 1997 under the kennel name KAZAHIT.

FCI All Breeds Judge.

Anca Giura (RO)

I am an artist and visual art teacher in a high school of art. The most of my paintings and drawings are representing dogs and horses.

I used to breed dachshunds, but now, unfortunately, I have no more enough time and space, but I will always have at least one. Cannot conceive life without!

I start judging in 1983.

For many years I judged only the groups 4,6,7,8 and 10. Then, little by little, the others groups too. 30 years after, I thought that maybe the time has come to take the big responsibility of an all rounder judge. So,

since 2011 I am all rounder.

I have judged in a lot of countries: Finland, France, Italy, Belgium, Norway, Sweden, Estonia, Latvia, Holland, Denmark, Lithuania, Russia, Malta, Greece, Cyprus, Japan, Turkey, Czech Republic, Poland, Portugal, Spain, Norway, Ireland, Switzerland, Philippines, Germany, Austria, Australia, South Africa, etc. I love all dogs and I wish they all could have great owners and receive the proper respect we own them. Concerning the judging, for me it is a kind of art, because you have to work with the proportions, the beauty, the brain and the heart, without forgetting the balance between them, being able to search and see the beauty as close to the perfection.

Daniela Epure (RO)

Since my childhood i have a passion for dogs,the same passion made me determine to become a veterinarian.

My first puppy was a poodle, years later in 1998. I got my first Siberian husky and discovered how special this race is and fell in love it.

I started breeding this race and founded my kennel “ of Silverlight’ in the year 2000.

Second race close to my heart are the rough collies which I started breeding in 2008. In all these years my dogs made me very proud due

to the results in many big competitions, becoming International, European and World Champions.All this made the name “of Silverlight” is known all over the world.

In 2018 I had the honor to become a judge

Cristian Stefanescu (RO)

Since he was young, there were always dogs in the family. Cristian’s grandfather brought about his general love of dogs as he was a huge dog lover who also offered him his first dog, a small, red spitz type. He started to breed English Cocker Spaniels in 1988 and this was followed by American Staffordshire Terriers since 2001, Miniature Bull Terriers and very recently Chihuahua.

He bred English Cocker Spaniels for 15 years. A lot of Cristian’s breeding received excellent results, both in national and international shows. He has managed to monitor them up to the fourth and fifth generation.

He became an FCI judge in the year 1992 and an all-rounder judge in 2005. He has the approval to judge all FCI recognized breeds and he has had the honour and pleasure to judge in these last years at many major European and World FCI dog shows, and almost all FCI countries around the world.

He is now the President of the Romanian Kennel Club and Chairman of the Metropolitan Area of Bucharest Kennel Club. He is also member of the FCI Judges Commission, Working Group for FCI Reformation and AKC recognized overseas judge and member of American Dog Shows Judges Association.

Cristian says the most important thing is that you truly love the DOG. If there is this feeling, the rest just comes naturally, with a lot of hard work and lots of passion. A lot of time must be dedicated to study and exemplary behaviour towards exhibitors and the organizers. Each moment of judging brings him a huge responsibility for what he says and does.

Sebastian Flesieru (RO)

My name is Sebastian Flesieru, owner of "De Predeal" Kennel, registered FCI since 2003.

Although I can proudly say that I was born and raised among the Ravens (Romanian Raven Shepherd), I became more seriously involved in the chinological activity since the 2000s.

I am a forestry engineer and in my daily activity, I am always surrounded by dogs Erdélyi kopó, Jagdterrier, Rövidszőrű Magyar Vizsla, but I have a great admiration and respect for all our Romanian Shepherds (Carpatin, Mioritic, Bucovina, Corb); over time I had in my

kennel specimens from all four national breeds that have demonstrated their chinological potential, participating in numerous international and national dog shows, gaining multiple titles of champions.

Since 2008, my kennel has been enriched with Kavkazskaya Ovcharka, Sredneasiatskaia Ovtcharka, Dachshund Standard and Dwarf wire haired.

Wanting to be actively involved in promoting the Romanian Raven Shepherd, in 2009 I founded the Romanian Raven Shepherd Club, whose president I currently am, contributing with all that I can to get the international recognition of this races.

In 2018 I had the honor to become a judge.
